La Clase de Español

¡Bienvenidos! Spanish is your ticket to the world. That's right... the WORLD. The ability to communicate in a foreign language is a fabulous thing! When you speak a different language, you can travel to places you have only read about, the globe becomes your job market, and you can communicate with people whose lives are completely different from yours! Together, we will journey through lots of vocabulary and grammar topics, take a rest stop at interesting cultural topics, as well as SPEAK, READ, LISTEN to and WRITE lots of Spanish! In between, I hope you all learn a little bit about life along the way !

Course Outline:

This course is an introduction to the Spanish language. It is taught through the skills of listening, reading, writing, and speaking. Students will learn to understand the Spanish language as it is spoken at a basic level and to communicate with simple verbal or written responses. Spanish sounds will be learned through imitation. Basic grammar and sentence structure will be taught in basic, everyday vocabulary. Basic cultural themes of the Spanish-speaking world will be introduced and interspersed through the course.

Students who successfully complete the 3 semesters of Spanish during seventh and eighth grades and pass the Exit Exam will receive high school credit for Spanish I and advance to Spanish II in high school.

Policy on the use of translation aids

Rationale: Students are expected to communicate in Spanish without the use of translating aids.

The following are considered translating aids:

- Computer websites/ programs
- Translators/ excessive use of a dictionary
- Persons who speak Spanish (native speakers)

The use of any of the above to complete assignments given to students defeats the goals outlined in the Wake County Public School Systems Spanish Benchmarks.

Students who violate the intent of the goals described above will receive a "0" for the assignment. In addition, the incident may be reported to an administrator on a discipline referral citing insubordination and cheating.

The authenticity of a student's work may be challenged when it demonstrates one or more of the following:

- Vocabulary beyond the scope of what has been taught
- Use of verb tenses beyond the scope of what has been taught
- Erroneous word order
- Other indicators of fraudulent work

Please be proud of your own, true work! I am always here to help you too!
